Linc / Steve,

Attached is the presentation from our March 20, 2012 diesel meeting at EPA. In that meeting, we discussed the maintenance interval for all GM diesel applications. It was follow-up to our B7 request sent to EPA on October 20, 2011 (ref. MH-DG005). In that meeting, EPA confirmed the verbal approval we received in the fall of 2011. Will call you later to discuss further.
